

Thousands of jobs saved at Liberty Steel

GMB Union has responded to today's announcement that winding up orders on Liberty Steel have been retracted and thousands of short term the jobs have been saved.

Charlotte Childs, National Officer, said:

"Retracting these winding up orders will be a massive comfort to our members at liberty Steel.

"Thousands of jobs will be saved in the short term, but we are far from out of the woods.

"It is right that shareholder investment has been committed to secure the future of jobs and plants at Liberty Steel.

“GMB will now be seeking to continue constructive dialogue with GFG Alliance to ensure the impact of the financial restructuring and transformation package is felt in the right places.”
